

3's Class News

June 13-17, 2022

We had a great first week of Sum Fun. The children are learning the rules of the classroom and doing a great job sitting for circle time.

This week we will continue to talk about animals that live in the river along with boats we might see on the river.

We will be using our water table, so make sure your child has a change of clothes in case we get a little too wet and need to change. These can be put in a Ziploc bag and left in the cubby or carried back and forth in a back pack.

Books: Harbor by Donald Crews and Boats by Shana Corey

Snack

Monday - Snack mix, apple juice

Wednesday - River cheese toast, apple juice

Friday - Snack mix, apple juice

Let's work at home: Visit the banks of the river. Look at the boats on the river.
