

Focus on the Fours

Week of May 13, 2024

Dear Families,

It hasn't quite sunk in. This is it... the last week of school! It has truly been an honor to witness your child's growth in the Fours Class this year. Thank you for sharing your children with us, for your trust and support. For fifty years our WLPS family has continued to grow. You and your families are, and will always be, a part of the WLPS family!

We are so excited that we do have some families remaining with us, but we would like you all to please keep us updated throughout the years. We love to hear how our students are doing after they leave us. I am looking forward to celebrating the end of the year with you this Thursday.

Sincerely, with Love and Gratitude,
Michale Dudley
